RUSSIA TO BE DRENCHED IN BLOOD OF REVOLUTION

**Imperial Guard Reported to Have
Revolted, and the Cossacks
Become Indifferent.**

A MASSACRE OF JEWS IN WARSAW IS NOW PLANNED

**Soldiers Begin Firing Into Strikers and
Kill and Wound Many.**

A REIGN OF TERROR BEGINS AND THE PEOPLE ARE PANIC STRICKEN

**Witte and Trepoff Are Now Reported to be at Log-
gerheads.**

BLACK SEA SQUADRON REVOLTS.

London, Oct. 30.—A Reuter telegram from Odessa says that there is a persistent but unverified rumor circulated that the sailors of the Black Sea Squadron have mutinied at Batum, and that Admirals Baffitt and Chukine have been killed. The squadron then sailed for Sebastopol, flying the revolutionary flag.

SOCIALISTS TAKING A HAND.

Warsaw, Oct. 30.—The socialists are today taking an active part in the strike. They have closed the banks and are now trying to stop all traffic. Several Tram cars were overturned.

There is alarming news from all the Polish provinces, stating that peasants are revolting and have begun to destroy government property.

TO MASSACRE THE JEWS.

St. Petersburg, Oct. 30.—Quiet prevails here, but reports from Southern Russia, patriots are preparing for a massacre of Jews. The attack on the Jews has already commenced and at Postoff ten Jews were injured.

CAN MAINTAIN STRIKERS A MONTH.

St. Petersburg, Oct. 30.—The number of strikers in this city has increased to 120,000. It is impossible to estimate the funds available to carry on the strike. The revolutionary committee declares it is ready to maintain the strikers for a month.

Kaiser to Protect the Czar.

Kiel, Oct. 30.—A German cruiser and torpedo boat division have left for the Russian coast and it is reported that the kaiser has ordered a fleet to be in readiness to protect the czar and family.

Many Casualties at Odessa.

London, Oct. 30.—The casualties yesterday at Odessa numbered 25 civilians killed and 287 wounded and two Cossacks killed and two injured.

Crisis is Near.

St. Petersburg, Oct. 30.—While the day passed quietly, without bloodshed in the Russian capital and while the city is outwardly calm, yesterday's developments indicate that a crisis is imminent. Although the streets are filled with troops and reinforcements are now pouring in from Finland, the government seems utterly powerless to cope with the situation and many calm observers seem seriously to believe the present regime is tottering to its fall.

Differences have developed between Count Witte and General Trepoff, and while the precious moments pass the emperor, surrounded by the imperial family remains shut up at Peterhoff, seemingly still hesitating as to what course to pursue.

Grave doubts are expressed whether even the imperial guard can now be depended upon. Discontent is rife. Early yesterday morning the Fourteenth Equiptage sailors of the guard who have been shut up like prisoners in the barracks on the Moskva canal, demolished the windows and the furniture and in the afternoon a detachment consisting of four officers of the guard went to the lawyer's assembly and told the barristers that many officers and a large part of the troops were disgusted with the government and ready to enlist in the movement for freedom. They asked for aid towards effecting organization and said they had discussed among themselves the question of resigning but had decided to show that people in uniform could help achieve liberties.

Even the Cossack patrols in keeping idlers moving in the streets seemed careful not to use their whips and simply drove the crowds along before the advancing horses.

Among the countless baseless reports which received credence were that the emperor embarked on a vessel and fled to Denmark; that General Trepoff had been killed by a bomb and that Vice Admiral Birleff had been assassinated by mutineers in the Black sea.

With a strike in the government postoffice last night, communication with the interior has practically ceased. Government troops were placed in the telegraph office but only a few lines are working. The cable by way of Nystad and Sweden is now the only thread connecting Russia with the outer world.

The University, the Polytechnic institute and all educational institutions were closed yesterday so as to prevent further meetings being held in them. The university is surrounded by troops.

Even the druggists have struck, and as there are many sick the physicians have divided the city into districts and also have selected stations for the giving of first aid to the injured in case of collision between the troops and the people.

The most interesting by far, however, is the news from Moscow, the real Russian capital, where, according to private reports, the municipal council and the committee of public safety are sitting continuously and where a struggle is momentarily expected between the "League of Russian patriots," a reactionary organization led by the priests and the newly organized militia and students.

The Moscow municipal council is also reported to have sent an ultimatum to the emperor demanding the promulgation of a constitution.

The government is no longer in communication with the forces in the far east except by cable by way of China.

The revolutionists openly declare that the government has ceased to exist and that nothing remains to be done but to overthrow it.

ECHOES OF WAR

rites in memory of NAVAL OFFICERS AT TOKIO.

Japs Evacuating Manchuria—Russian Warship Makes a Visit to Japan.

Tokio, Oct. 30.—Great Shinto rites, in memory of the naval officers and men who were killed during the war were held yesterday at Aoyama cemetery. Besides the admirals, officers and sailors, hundreds of civil dignitaries were present.

Admiral Togo addressed the departed spirits, eulogizing their noble deeds in battle and the gallant co-operation which resulted in the sacrifice of their lives. He humbly asked repose for the spirits whose exemplary deeds in life contributed to the victory over the powerful enemy.

Evacuation of Manchuria.

Tokio, Oct. 30.—Evacuation of Manchuria by the Japanese is being actively carried on and troops are arriving daily at various ports. Gen. Kuokki is expected here the middle of November.

Russian Ship in Japan.

Nagasaki, Oct. 30.—The Russian cruiser Bogatyr has arrived here. The first Russian warship to visit Japan since peace was declared.

11 KILLED, 4 DYING AND 30 HURT IN SANTA FE WRECK.

Kansas City, Oct. 30.—Eleven were killed and four are dying and thirty injured in a wreck of a Santa Fe passenger train from Chicago this morning at Sheffield in a deep cut.

The cars are piled thirty feet high. Most of the dead were taken from the smoking car. Two mail clerks, a baggage master and porter are dead. Two wrecking trains have been sent to the scene. The tender left the rails, causing the wreck.

LONG LIFE ENDS.

Mr. T. Z. Edgington Dies at the Age of 81.

Mr. T. S. Edgington, aged 81, died at his residence, 429 Adams street, yesterday afternoon of a complication of diseases and old age.

The deceased was born in Mississippi on April 6, 1824, and had been a resident of Paducah several years. He was a farmer until compelled to abandon manual labor.

The deceased leaves a wife, Mrs. S. E. Edgington, one sister, Mrs. L. A. Caldwell, and several nieces and nephews. Miss Lizzie Edgington, of the county clerk's office, and Miss Bird Edgington, city stenographer, are nieces.

The funeral will be held from the residence tomorrow morning at 10 o'clock, services by Rev. Kirkpatrick, interment at Oak Grove.

A ROUGH VOYAGE.

The President is Now Having Near Cape Hatteras.

Norfolk, Va., Oct. 30.—A wireless message from Cape Hatteras says that the cruiser West Virginia with the president aboard is fifty miles south in the midst of a severe gale, and will not make the cape until 8 tonight. It has been a very rough voyage.

THE SULTAN

Has Accepted Demands in Regard to Macedonia.

London, Oct. 30.—The Exchange Telegraph at Paris says that the Sultan of Turkey has accepted in principle the demand for the international control of the finances of Macedonia.

POPULATION POISONED.

By Eating Preserved Oysters in a Texas Town.

Houston, Tex., Oct. 30.—Almost the entire population of Rio Grande City was poisoned yesterday by eating "preserved" oysters. Forty nearly died.

MINOR OFFICIALS KILLED IN A MINE

Had Entered to Ascertain if it Was Still Burning.

An Explosion Followed Their Investigation Killing Five of Them Instantly.

AND ONE OTHER HAS DIED

Pittsburg, Oct. 30.—Five minor officials of the Pittsburg & Westmoreland Coal company gave up their lives yesterday when entering the Hazel Kirk mine No. 1, of the company at Hazel Kirk, Pa., eighteen miles east of this city, to ascertain if a portion of the mine was still burning as a result of the explosion of two weeks ago.

The dead: JOHN HORNICAL, superintendent.

DANIEL GRIFFITH, foreman. JOSEPH HUNTER.

JOHN LAVEY. HENRY CLAYBORNE, fire boss.

ANDREW ROPER, who was some distance behind the unfortunate men, escaped instant death but was so badly burned that he died three or four hours later.

All were married with large families and men of considerable means.

Two weeks ago an explosion in the mine caused the death of two men. The entry in which the explosion occurred was closed up and water turned on. As the five men approached the portion of the mine which was burning, they became aware that the water had not extinguished the blaze. They decided to tear down the bulkhead erected to confine the fire to one entry of the mine.

Just as the covering was removed there was a terrific explosion and the five men were blown different ways and all instantly killed.

Roder reached the bottom of the shaft, gave the alarm and died three hours later. The mine is now burning but no miners are entombed.

IS IN CALIFORNIA.

Mr. L. C. Perry Has Been Heard From.

Mr. Leb Perry, of Princeton, an uncle of Mr. L. C. Perry, the saloon man of this city, who left here more than a week ago without apprising his family of where he was going, arrived in in Paducah yesterday with the first definite news of the whereabouts of his nephew.

Mr. L. C. Perry is in Los Angeles, Cal., and is ill. He wired to his uncle for funds saying he desired to return home. His uncle came here to consult with the family.

Mr. Perry left Paducah to seek a new location, leaving a note behind to this effect, but did not say where he was going. Of late he had been talking a great deal of going west and it was presumed this was the direction he would take.

HURRIED PRISONER AWAY.

And Thus Saved Him From a Lynching.

Somerset, Ky., Oct. 30.—Yesterday Fred Watts, white, attempted an alleged criminal assault on Mrs. Waddell, Mrs. Litton and a six year old child. A mob gathered and attempted a lynching but an officer hurried Watts to Williamsburg.

Season's First Snow.

Chicago, Oct. 30.—The first snow of the season fell at Omaha, St. Joseph, Mo., Des Moines, Ia., Superior, Wis. and Kansas City.

COMPLETING DEAL FOR NEW RAILROAD

Prominent Officials are Confer-
ring at Nashville.

It is Expected That the Deal Taking
Over the Tennessee Central
Will Be Consummated.

THE DATE NOT ANNOUNCED

Nashville, Tenn., Oct. 30.—There was a gathering of notable officials of the Southern and Illinois Central railways in Nashville last night, and on Tuesday officials of the Tennessee Central will be in the city. President Spencer, Vice Presidents Finley, Culp, Andrews, Ackert, Powell and others of the Southern; Vice President Murphy, General Manager Garrett and General Freight Agent Biles of the Cincinnati Southern; President Fish, Vice President Harahan and others of the Illinois Central, are here. All these officials will be in Nashville until Thursday.

President Spencer said last night that the exact date when the Southern and the Illinois Central would begin operating the Tennessee Central had not been decided. The Southern officials, he said, must first inspect the property and confer with the officers of the Illinois Central. This will be a matter, however, of only a few days.

From another source it was learned that the Harriman division of the Tennessee Central would be operated as a part of the Cincinnati Southern Division of the Southern Railway.

The presence of Messrs. Murphy, Garrett and Biles of Cincinnati, has to do with matter of operating the Harriman division. It is expected as soon as the deal is perfected through trains will be operated from Nashville to Cincinnati via Harriman.

As the train bearing President Fish and other officials of the Illinois Central coming for the conference over the transfer of the Tennessee Central approached the yards last night some miscreant hurled a brick through the window of the observation section of Mr. Fish's car, in which the officials sat. No one was injured. The police are making a diligent search for the party.

NO DATE

Has Yet Been Set for the Evitts Case.

A decision as to when the Evitts impeachment case will be taken up will probably be reached by the attorneys and President Dick Davis, of the board of aldermen, this week. Attorney Hal Corbett, one of the attorneys for the prosecution, has just returned from Pennsylvania and he has not had time yet to confer with the other attorneys and President Davis stated this afternoon that he would see Attorney Corbett tomorrow and find out about it.

A few days ago it was stated that the prosecution would dismiss the old charges and file entirely new ones, but the nature of them has not been made public. The investigation of the old charges was never completed as the circuit court interfered with an injunction. Since then City Jailor Tom Evitts has been indicted for assault and battery.

Admiral Train and His Son Attacked by Chinese and Rescued by Marines

London, Oct. 30.—Details have been received here of an attack on Admiral Train, commander in chief of the American Asiatic squadron, and his son, Lieut. Train, by a Chinese. The admiral accidentally shot and murdered a Chinese woman while hunting, and a hundred villagers attacked the offi-

GIRL'S IDENTITY IS AT LAST LEARNED

Body in Suit Case That of Susan Geary.

She Was a Chorus Girl in the Shepherd King and Had Been Missing Since September.

HER SWEETHEART ARRESTED.

Pittsburg, Pa., Oct. 30.—After a long and searching examination at police headquarters lasting until after one o'clock this morning Morris Nathan, secretary to the manager of the "Shepherd King" company was held on a charge of murdering his sweetheart, Susan Geary, the victim of the Winthrop suit case mystery which has been puzzling the Boston authorities for more than a month.

Nathan is now confined to the hospital in the jail, and buried his face in his hands and sobbed, "Life has been a torture and unspeakable misery and longing." He said he knew nothing of the case and swooned when locked up. He has been in a semi-comatose state since.

Nathan Confesses.

Pittsburg, Oct. 30.—Nathan has made a complete confession of all he knows. He admitted he was responsible for the girl's condition and names another woman as implicated in the case. The police believe that Nathan is not the man wanted for murder but believe the murderers will be found.

Identity Learned at Last.

Boston, Oct. 30.—That the dismembered body found in the suit case at Winthrop September 21 is that of Susan Geary of Cambridge, is the belief of the girl's family and friends, and of the Boston police department.

Miss Geary, who was the daughter of J. D. Geary, was a chorus girl in the "Shepherd King" company and known on the stage as Ethel Durrell. She was 21 years of age, Mrs. Geary yesterday identified the three rings taken from the right hand found in the second suit case picked up near the new Charlestown bridge Friday last as those worn by her daughter when she absented herself from the theatrical company September 10.

Confirmation of Miss Geary's disappearance from the company came from Morris Nathan, secretary to the manager of the company and to whom Miss Geary was engaged.

The mystery of the first suit case seems to have been solved by the finding Saturday of a second suit case near the same place, in which were the arms and legs of a woman, which the police were immediately convinced were the missing members of the torso found in September.

The torso was wrapped in oil cloth, and the limbs found Saturday were encased in a wrapping identical with that wound about the torso. While investigating the Winthrop mystery the police located two pawnbrokers who had sold dress suit cases to a man answering the same description.

With the positive identification of the "suit case" murder victim as Susan Agnes Geary, the case is now near solution, and the police are likely to soon arrest the doctor, nurse and all concerned in the illegal surgery which caused the death of the girl.

DELEGATES NAMED.

To the Tennessee River Improvement Convention.

Mayor D. A. Yeiser this morning appointed delegates to the Tennessee River Improvement association to represent the city of Paducah.

The delegates are as follows: Capt. James Koger, Capt. Boyce Berryman, Mr. T. J. Lovell, Major J. H. Ashcraft and Capt. Mark Cole, all well-known river men.

This meeting will be held November 11, and its object is to get the Tennessee river improved.

cers, knocking the admiral down and securing his weapons.

Young Train was held as a hostage and a rescue party of forty marines was attacked.

The marines fired twice on the mob which used pitchforks. The Chinese officials supported the villagers and refuse to restore the arms of the officers.

says of "Cousin Kate" here tonight:

 "Cousin Kate" was a delightful
relaxation from the intensity of the
curtain raiser. Miss Gallatin was ef-
fective in the pretty comedy with
which this cheerful little love drama
abounds. The story is familiar to
Louisville theater goers, who saw the

 entertaining, and embraces some
good talent. The first part repre-
sents a man-of-war, with the perform-
ers in naval uniform.

matter of maintaining it as a band

Barrymore took the leading part,
and perhaps many present last night
could not help indulging in reminis-
cent comparisons; but comparisons
are odious, and Miss Gallatin won
and deserved the applause of her au-
dience. Mary MacDonald, played the
part of the unsophisticated ingenue,
whose anxiety to do right is contin-
ually getting tangled with her natural
inclinations. Thomas Kelly as Bobby
Spencer, the schoolboy, was natural.
Wilfred Rogers has a good Irish
brogue in his character as Heath
Desmond, when he doesn't forget it,
and otherwise is altogether winning
but Charles E. Bloomer, as the Rev.
James Bartlett, is so like some cu-
rates, in real life that it would be
dangerous to praise him.

 The new comic opera, "The For-
bidden Land," will be presented at
The Kentucky tomorrow night. It
had a very considerable success in
Chicago during an all-summer run,
and also met with the warmest and
most unstinted praise of the New
York critics during its engagement
there last season. The New York
Herald said that "the jokes have an
appearance of freshness, the music is
tuneful and the audience was carried
along with the play." The New York
Tribune said that it was much en-
joyed while the Sun said its quality
was overwhelming. Its success in
other cities has been equally as pro-
nounced.

 Louisville expects to soon have a

WONDERFUL RECORD.

 Interesting Statistics Concerning the
Pitchers in the American
League.

 The figures on work done by the
American league pitchers—aside from
the winning and losing of games—
should prove interesting to the fan
who dotes on statistics. The records
show that Dr. White of Chicago, was
the most effective of the pitchers
in holding men down to the fewest
runs per game. Clark Griffith was
second, and the only Rube Waddell
ranked third.

 The Rube had them all skinned on
strikeouts—286 in thirty-five games,
or 8.17 fans per game. Mullen gave
the most bases on balls—141 in forty-
one games—while Plank was the
most dangerous pitcher, punctuating
twenty-two people.

 The Boston pitchers, taken in the
aggregate, were the most effective,
both in preventing scoring and in
doling out stingy passes and Boston
therefore lost through weak batting
The Athletics had an immense margin
on strike-outs.

 Not one of the men who pitched
ten games or more escaped an ejection
during the season. Hogg, of
New York, was canned oftenest—
eighteen times. Clark Griffith was
the champion game finisher. The lit-
tle manager hopped into the gap no
less than eighteen times.

ONLY A SUGGESTION

But It Has Proven of Interest and Value to Thousands.

Common sense would suggest that if one wishes to become fleshy and plump it can only result from the food we eat and digest and that food should be albuminous or flesh-forming food, like eggs, beefsteak, and cereals; in other words the kinds of food that make flesh are the foods which form the greatest part of our daily bills of fare.

But the trouble is that while we eat enough and generally too much, the stomach, from abuse and overwork, does not properly digest and assimilate it, which is the reason so many people remain thin and under weight; the digestive organs do not completely digest the flesh-forming beefsteak, eggs and similar wholesome food.

There are thousands of such who are really confirmed dyspeptics, although they may have no particular pain or inconvenience from their stomachs.

If such persons would lay their prejudices aside and make a regular practice of taking, after each meal one or two of Stuart's Dyspepsia Tablets the food would be quickly and thoroughly digested, because these tablets contain the natural pepsines and diastase which every weak stomach lacks, and by supplying this want the stomach is soon enabled to reach its natural tone and vigor.

Stuart's Dyspepsia Tablets digest every kind of flesh-forming food, meat, eggs, bread and potatoes, and this is the reason they so quickly build up, strengthen and invigorate thin dyspeptic men, women and children.

Invalids and children, even the most delicate, use them with marked benefit as they contain no strong, irritating drugs, no cathartics nor any harmful ingredients.

Stuart's Dyspepsia Tablets are the most successful and most widely known of any remedy for stomach troubles because they are the most reasonable and scientific of modern medicines.

Stuart's Dyspepsia Tablets are sold by every druggist in the United States and Canada as well as Great Britain, at 50 cents for complete treatment.

Nothing further is required to cure any stomach trouble or to make thin, nervous, dyspeptic people strong, plump and well.

SUPERINTENDENT IS TAKEN IN CUSTODY

C. J. Bucher Arrested at Sturgis for Importing Armed Men.

The Suits For Possession of Company Houses Were Dismissed at the Instance of Operators.

EVERYTHING IS NOW QUIET.

Sturgis, Ky., Oct. 30.—The strike situation is no less serious than it has been for the past few days. C. J. Bucher, superintendent of the West Kentucky Coal company, was arrested here as he got off the train with James C. Gardner, president of the company, with whom he had been visiting the mines at Wheatcroft. Bucher was charged with having unlawfully imported the twenty Pinkerton armed guards into this territory.

Bucher was immediately released on a bond of \$1,000, signed by Gardner.

There is no probability of violence at present and the situation remains quiet. Business remains active and there is very little change in connection with commercial activity. There is a spirit of good feeling, except between the miners and the officials of the coal company.

The only point at issue is the refusal of the West Kentucky Coal company to recognize either the union or the Operators' Association.

The operators had dismissed the suit for possession of the company houses near the shaft. Judge A. W. Clements tried the case and at the instance of Attorney P. H. Winston for the coal company the suits were dismissed without prejudice, leaving the company to pay the costs. The miners will therefore retain possession for the present, but it is supposed a different line of legal action will be taken by the company.

If the miners lose the fight they claim to want to lose it on the plain 50¢ high principle, demanding what they are contending for or nothing. Many have found work in other fields and have moved away, while others are working on the railroad, with a few hopeful, looking forward to a speedy settlement of all troubles and are quietly resting at home. So far as known there are none in want and are not likely to be.

ATTORNEY HAL CORBETT

Thinks He Will Secure Commutation of Ezell's Sentence.

Attorney Hal Corbett returned last night from Uniontown, Pa., where he argued before the board of pardons for the commutation of the death sentence given James Ezell, the young Mayfield man who killed a yardmaster there several months ago. Mr. Corbett made a strong plea that the boy's life be spared and he stated that he was confident he would be successful in securing a commutation.

When Mr. Corbett left, the board of pardons had not passed on the case but he had evidently been given a tip, for he said that Ezell's sentence of death would be commuted to life imprisonment. Attorney Corbett has taken a great interest in the case and this was his third trip to Uniontown in behalf of young Ezell.

The prisoner is well known in this section as he formerly resided in West Kentucky and was born in Tennessee, where his parents now reside.

AFTER COTTON PICKERS.

Tennessee Man Secured Several But Wanted to Get More.

Mr. H. F. Tipton, of Tiptonville, Tenn., was here yesterday and today securing negroes to pick cotton on his plantation. He had about fifteen engaged to go down on the Dick Fowler this morning but only a few turned up and he remained over until tonight to try and get more and will take them down on the train. Mr. Tipton owns a very large plantation and said cotton this year was very fine. He works about 100 cotton pickers.

SISTER DIES.

Mrs. Ed Riley Called to Marshall County Today.

Mrs. Ed Riley, wife of the stamp clerk in the local postoffice, last night received a telegram announcing the death of her sister in Birmingham, Ky. Mrs. Riley and sister, Mrs. M. J. Carroll, of Johnson City, Ill., left this morning for Birmingham to attend the funeral.

The deceased was Miss Zula Holland, age 18, and she died of typhoid fever. She leaves a mother and four sisters. No funeral arrangements have been made.

TOOK FRENCH LEAVE

DRIVER OF RAILROAD AMBULANCE FOUND HIS CHARGE GONE.

J. W. Edwards, While Delirious, Escaped and Was Afterwards Found By An Officer.

J. W. Edwards, an employe on the Tennessee division of the Illinois Central, while delirious from a severe attack of fever, escaped from the I. C. ambulance Sunday morning between the depot and 12th and Jones streets and was found several hours later by Officer James Clark and taken to the hall.

Edwards' case is a queer one and caused a great deal of confusion when the ambulance arrived at the hospital and had no occupant. Driver Patrick McGarrigal received the charge at the train. Edwards was delirious and had been so since he left Woodstock, Tenn., where he was placed on the train. McGarrigal had no attendant, and after making the patient comfortable took his seat and started for the hospital.

On arrival the patient was missing and a search was immediately instituted. They found him at the city hall where Officer Clark had taken him. Officer Clark found the young man sitting in the gutter refusing to speak. They took him to the hall.

Edwards was removed to the hospital yesterday morning and is reported better today. He remembered nothing about leaving the ambulance.

HIGH OFFICIALS

Pass Through and Incidentally Inspect a Local Invention.

Mr. W. J. Harahan, fourth vice president of the I. C. and Mr. I. G. Rawn, general manager of the I. C., passed through Paducah yesterday afternoon about 2 o'clock en route to Nashville to meet President Fish and his party.

The officials came in a special train via Cairo from Chicago and while here inspected the patent engine brake shoe invented by Henry Urkhardt, colored, a switchman employed in the local yards.

It is said that Urkhardt's patent is an excellent one and already the practical tests have proven satisfactory in every detail. The officials will announce the result of this inspection of the patent in a few days. If they report favorably, it means that the I. C. may adopt the device for its engines.

Large Crowd Present.

The unveiling of a monument by the Woodmen of the World yesterday afternoon at Hinkleville was attended by an immense crowd, over a hundred Woodmen going down from here, including the uniform rank. The local members went to Keokuk on the Illinois Central and were driven from there to Hinkleville in vehicles, returning last night. There was a big free barbecue.

BANQUET AT PALMER HOUSE.

Paducah Council 1055, Knights of Columbus, was instituted yesterday afternoon and it was probably one of the largest installations ever held in Paducah, the installation ceremonies lasting throughout the afternoon.

A delegation of members of the order from Louisville, Owensboro, Lexington, Frankfort, Ky., Evansville, Indianapolis, Ind., Peoria, Chicago, Cairo, Murphysboro, Ill., and Jackson, Tenn., arrived Saturday night and Sunday morning, the majority of delegates from Kentucky towns coming at 7 o'clock on a special train Sunday morning. The total number of visitors amounted to about 190 and during the morning mass was attended at the St. Francis de Sales church. In the afternoon the installation ceremonies were begun at the Red Men's hall and continued throughout the afternoon. At night an elaborate banquet was served at the Palmer House. Following the banquet the visitors returned, the special train leaving for the east at 12 o'clock at night.

Paducah's council numbers 40, while there were five candidates from other towns. Paducah supported 21 Knights of Columbus who had been heretofore installed, which with yesterday's addition, makes a total of 67 members residing here.

The program for the installation and banquet was carried out to the letter.

Cairo will have an installation on the 19th and many local members of the order will go down to attend.

The following are the members enrolled for the Paducah Council:

John J. Dorian, Wm. J. White, Alonzo Robt. Meyers, Joseph L. Wolff, A. R. Grouse, Chas. W. Fisher, August Budde, Thos. W. Roberts, Geo. F. Weikel, Joseph Gockel, Joseph Arts, Walter H. Seck, John F. Cole's Hot Blast

WILL SAVE \$25.00 IN FUEL THIS WINTER

Cole's Hot Blast is a great value. We sell it under a positive guarantee. It burns soft coal, lignite coal, coke, hard coal, wood or any fuel without any change in the stove. You only need one stove for the entire year, Spring, Fall or dead of Winter. Strikes or coal combines cease to be a terror if you have a Cole's Hot Blast.

Fire Never Out

It is the only stove that keeps the house warm all night and gives the family a hot breakfast room in the morning without kindling a new fire. Guaranteed to hold fire from Saturday night to Monday morning.

Saves the Dollars

If you feel poor it saves half your fuel bill, while giving the above beautiful results. It will even make a ton of cheap slack soft coal, do more work and hold fire better than your neighbor gets out of a ton of hard coal in his \$50.00 stove.

Scientific and Air-tight

construction throughout. A patented steel collar connects the elbow draft to the stove body and cannot open by action of the fiercest heat. The patented compound hinge on the lower draft closes airtight by its own weight. The guaranteed smoke-proof feed door prevents smoke, dust or gas escaping when fuel is put in the stove. Perfect results, therefore, from any fuel. The heavy fire box protects the points where other stoves burn out first, and insures great durability.

Ask to see the patented dustless ash cover for removing ashes. Our method is the only clean way.

Cole's Hot Blast makes \$5.00 worth of fuel give more heat than \$10.00 worth in any other stove. Sold on a positive guarantee. Investigate today.

CAUTION

See the words, "Cole's Hot Blast from Chicago" on the feed door of each stove. None genuine without it.

tery of the death of an unknown Italian, whose headless body was found buried under an old shack formerly occupied by foreign laborers, has not been solved. The jury returned a verdict that the man's name was supposed to be V. Nume, and that he was supposed to have been murdered by a gang the leader of which was N. Christo. The body is supposed to have been buried about two months.

The Nos. 2 and 4 fire departments were called out at 9:30 Sunday morning to the residence of Mr. Eustus Petter between Sixth and Seventh streets on Elizabeth. A fire was burning out and the residents turned in the alarm thinking the house was afire. No damage was done.

"The passion for the good of the race is the salt of humanity."

VOTE AGAINST THE AMENDMENT

The best and most reliable papers in the state are without exception urging the people to vote against the proposed constitutional amendment. Among the able arguments are the following from the Owensboro Inquirer:

Let no man forget to vote against the amendment to the constitution providing for the viva voce ballot. Those who are old enough to remember when this system was in vogue. The voter was compelled to work his way through a crowd of election hangers and call out his vote. Frequently in the confusion some rascally clerk would poll the vote in different way from that in which it was intended to be cast and if the voter was of an opposite side from that in control at the polls he was lucky in only having his vote recorded wrong and not getting his head punched. Election riots were frequent, one of

August election, while the bloodiest that ever occurred in the state was in Louisville on another and would have been prevented by a secret ballot, such as we have now.

The proposed amendment is one of the most iniquitous that has been proposed to the people of any state. It is an effort to get back to the control of the thug and the grafter and the bully. It will place the laboring man at the mercy of his employer, who can dictate how his employee shall vote, and furnishing him a certain means of knowing that his instructions have been carried out. The workingman will cease to be a free citizen, and will belong to his employer body and soul or else lose his job. The capitalist, the merchant and the manufacturer will not dare to oppose their expression of conviction or principle to the power of the machine in politics.

The farmer will not be able to assist in ridding his county of corrupt rings that now exist and which will thrive with ten times more vigor than ever when they realize that the terrors of the viva voce vote will be sufficient to keep them in office.

There is no man who is not looking for a corrupt advantage in elections who is in favor of the open vote.

Vote against the amendment. You can do it by stamping "No" in the little square at the right hand side of the ballot. Do not forget it and call the attention of your neighbor to it whether that neighbor be a Democrat or Republican. Every honest and honorable citizen should vote against the amendment. Do not think you will be counted against it if you do not vote. You must vote against the amendment to have that vote counted.

Paducah's public schools are a monument to the intelligence and enterprise of the present board of education, most of whom were elected by the people of Paducah last fall. The schools have been steadily advancing for two years, but have forged ahead with astonishing rapidity during the last year. A great deal of their progress is due to the ability of our efficient superintendent, Prof. C. M. Leib, and a great deal to the honest effort of the board of education to give the public good schools. The co-operation has been complete and harmonious and should be continued. The one idea that predominates in school circles is to give the people of Paducah the best schools possible with the money in hand. The corps of teachers has been carefully selected, and all are capable. It used to require little except to be kin to some school trustee to get a place in the public schools, but that day has passed. The teachers are now selected solely with a view to ability, and this will continue to be the method of choosing them as long as the present trustees are able to manage affairs. The people, in the interest of good schools, should indorse the record made during the past year by the board of education by electing no one who will interfere in any way with the work so well started and being so faithfully and successfully carried out.

The News-Democrat is the only local paper that carries the democratic ticket at the head of its column. Is it for the ticket? Is it for the democratic nominee for representative, knowing that he is pledged not to vote for Jo Blackburn, the News-Democrat's candidate for the United States senate? Is it for the municipal ticket when it has told repeatedly during the past year what a disgraceful city administration the people of Paducah are getting? Has it the audacity to now ask the people to vote for these same candidates or any of them, and incidentally the incompetency and graft it has so often denounced? We should like for our contemporary to explain its position if it feels it can afford to. There is no question of politics in these races, or should be none. It is a question of good government.

The chances are that a number of democratic majority aspirations will be handsly shattered when the vote is counted next week. It is a well-known fact that a number of the able dem-

ocratic statesmen at present in the legislative boards have the majority in their hands, and that's the reason some of them are out working so hard "for the party." If it is any comfort to these sapient sages, however, they should know that the next mayor of Paducah will in all probability not belong to their crowd. The people have had enough.

When the democratic nominee for representative to the general assembly mounts the raging stump, he should be asked by the democrats if he is for or against Jo Blackburn. The Blackburn men do not intend, if reports are true, to vote for a man who is pledged to vote against their choice for United States senator. In this case they should look before they leap.

If the city would dispense with some of its pensioners and hire young, able-bodied men, fewer employees would get hurt to turn around and make the taxpayers pay damages for it. The taxpayers always have to foot the bills, but they have nothing to say about employing a man.

The Owensboro Messenger declares that "the day of miracles" has not passed because only "one negro voter has been arrested there in seven days." That's probably a fact. Usually the Democrats have the jails and lockups full of them this near election.

The people of Livingston county are still clamoring for an electric railway. Why do not some of our promoters take up the project and start off the line between Paducah and one of the richest sections in Southwest Kentucky?

The democrats are going to have a "whirlwind finish" for their campaign, we are informed. So be it. There is little else to their campaign except wind and the public is used to it.

IN THE COURTS

Circuit Court.

This afternoon the case of Annie Nichols against the I. C. road is being tried. She lost her left leg in the accident at Dawson several years ago when a freight train struck a party of picnickers. She asks for \$20,000. This is the first time this case has been tried, but preceding cases, the result of this accident, were fought hard in the lower and court of appeals.

This morning Judge Wm. Reed set aside the order taking the petition on confessed in the case of City of Paducah against J. L. Jones and his bondsmen, Adolph and Lee Weil.

This is the case where Jones kept open his saloon on the Sabbath and was fined in police court. Mayor Veiser had stated he would revoke all saloon license if the keeper was convicted of violating the law and brought a suit against Jones and bondmen for a forfeiture of the bond, which is \$1,000. The bondmen recently, because Jones permitted the petition to be taken as confessed, filed suit against Jones to recover. The case now comes up regularly for trial.

In the case of the Farmers' bank against M. Bloom and others, a judgment for \$1,504 was filed. This is for an alleged overdraft.

In the case of J. M. Luttrell against the Ayer & Lord Tie Co., the remurrer to the jurisdiction of the court was overruled, and the case transferred to the equity docket.

The case of J. N. Cathey against E. Rehkopf was continued.

In the case of Theresa Bach against Geo. C. Wallace and others, the defense filed a motion with reasons for a new trial. She got a \$500 verdict for personal injuries.

The case of Will Duncan against the Western Union Telegraph Co., was continued.

In the case of W. B. Stanfield against the Paducah City railway, a judgment for the defendant was filed. Stanfield is an attorney of Mayfield and sued for attorney's fee. He claimed that he contracted with a client to bring a damage suit and the company compromised and that he is entitled to his fee.

In the case of C. E. Jennings against the Globe Bank and Trust Co., a judgment for sale was filed.

Licensed to Marry.

John W. Robertson, aged 26, of Elizabethtown and Lettie Ogilvie, aged 21, of Hicks Ill., white, have been licensed to wed. It will make the first marriage of both.

Deeds.

Fred Schiffman deeds to May Thompson, for \$512, property in the Faxon addition.

Public Properties Incorporated.

Articles of incorporation of the Paducah Traction Co., and the Paducah Light and Power Co., have been filed in county court.

In the Paducah Traction Co. the capital stock is fixed at \$350,000, shares at \$100 per share, making a total of 3,500 shares.

In the Paducah Light and Power Co. the capital stock is fixed at \$450,000 divided into 4,500 shares of \$100 each.

This is simply the reorganization of the street car company, electric and gas plants. The firm of Stone & Webster bought out the local plants and the reorganization was necessary. The election of officers and officials will come after the first annual meeting. At present Mr. Bleeker is general manager and Mr. Sturtevant is general superintendent.

Cut By An Unknown Man.

John Johnson, colored, a rooster in the Kentucky, while in the Alex Storrie saloon Saturday about 6 p. m. was cut from the ear to the jaw by an unknown white man. The whole side of his face was laid open and it required 34 stitches to close the wound, which was dressed by Dr. R. E. Hearn. Johnson claims that the white man came up and said "You had better get out of here or you will get the worst of it," and when Johnson asked him what he meant, replied "That" and cut him. The negro professes to be ignorant of why he was cut, and of the identity of the man who cut him. He was taken to the marine ward of the city hospital.

To Wind Up the Case.

Attorneys J. S. Ross and Cecil Reed have gone to Birmingham, Ala., and Atlanta, Ga., on business connected with the winding up of affairs of the Home Purchasing Co.

Released on Bond.

Everett Boyd, white, held over by U. S. Commissioner W. A. Gardner for alleged violation of the revenue laws at Columbus, Ky., has executed a \$300 bond and been released.

Arrested in Tennessee.

Frank James, colored, wanted here for shooting Gabe Fletcher, colored, two years ago near Ninth and Boyd streets, is under arrest at Lebanon, Tenn., and will be brought back for trial as soon as requisition papers can be secured. He was employed on the Cairo extension of the I. C. and the wound he inflicted on Fletcher was not dangerous.

His Man Not Located.

Sheriff Edwards, of Paris, Tenn., has returned home after searching the city, assisted by local officers, for Bud Parks, a negro, wanted there for attempting to shoot another with a shotgun. It was learned that Parks had been here, but persons who knew him say he left Paducah five months ago.

Stole Overcoat and Hat.

A thief stole an overcoat and hat off the hatrack in the hall of the residence of Mr. F. G. Rudolph, public administrator, on South Sixth street, Saturday night, about 6 o'clock. The family was eating supper and they heard the front screen door slam and when they went to the hall found the two articles missing. The case was reported to police headquarters.

Police Court.

Ollie Hughes, a negro boy, was held over this morning in police court on a charge of grand larceny—the theft of an overcoat from a drummer in the Ogilvie store last week.

The boy was employed as a dish washer by the drummer, who sold coffee. The drummer would go into prominent stores and give away samples of coffee. The negro stated that he needed the overcoat and stole it. Finding it too small he sold it for \$1. This led to his arrest, officers finding where he sold it and tracing the identity of the seller.

Judge Sanders held the boy over under a \$300 bond which he failed to give, and was committed to jail.

Other cases were: John Wood, colored, breach of the peace, left open; Allen Jackson, colored, breach of the peace, \$3 and costs; Will Nemo, white, breach of the peace, \$3 and costs; Hoffmann, white, breach of the peace, \$10 and costs; Capt. Koger and Capt. Tyner, white, breach of the peace, continued.

No Decision Rendered.

Attorney Joseph R. Grogan has returned from Murray, where he attended the bankruptcy proceedings of Will Harris and Co., of that place. Referee in Bankruptcy E. W. Bagby heard some evidence Saturday but rendered no decision. This is one of the biggest cases ever filed in the local U. S. clerk's office. The firm's liabilities are between \$20,000 and \$21,000 and the resources are about \$22,000.

A CRISIS IN RUSSIA

(Continued from First page.)

his majesty except to abdicate.

The government and the liberals are at a loss to know whose is the contriving brain behind the great strike. The directing hand is invisible though its workings are plainly evident. It is thought the strike may have been directed from Switzerland or Germany.

At 1 o'clock this morning an additional detachment of military telegraphers took possession of the general telegraph office and the service was partially resumed.

Strikers Go Before Council.

St. Petersburg, Oct. 30.—A meeting of the municipal council was held last evening at which a deputation of 20 members of the strikers committee appeared in impassioned speech. The leaders deputation presented the following demands of the workmen and affiliated organizations:

First—Constitution and political liberty.

Second—The city to furnish food to the workmen.

Third—The city to refuse further supplies to troops and police.

Fourth—Troops to be removed from the water-works or otherwise the strikers will cut the water supply.

Fifth—Immunity of the deputation from arrest.

The council granted the last demand, and promised to reply to the others tomorrow.

19 Were Wounded.

Moscow, Oct. 30.—Nineteen wounded men have been brought to the University hospital as a result of an encounter between students and royalists.

22 Killed by Soldiers.

London, Oct. 30.—A dispatch to the Standard from Odessa, timed 7 p. m. October 29, says: "Collision between the military and a crowd of students and strikers occurred an hour ago in Tyaspolskaya street. The soldiers without warning fired point blank into the people, killing twenty and wounding sixty. The students are holding a stormy convocation at the University."

Adopts Liberal Program.

London, Oct. 30.—The Daily Telegraph's St. Petersburg correspondent telegraphing Sunday night says: "I am informed that the emperor has just appointed Count Witte premier and given executive powers to the representative assembly allowing representatives to be elected and abolishing martial law throughout the empire. I am further informed that the emperor will issue a manifesto to the people tomorrow."

27 Persons Killed.

London, Oct. 30.—A dispatch to a news agency from Odessa says there have been two serious conflicts between troops and mobs in which 27 persons were killed and 90 wounded.

Father Gapon Returning.

Stockholm, Oct. 30.—It is reported that the Russian priest, Father Gapon, who was active in the troubles in St. Petersburg in January of this year, has left Christiana for the continent.

Bloodshed at Odessa.

Odessa, Oct. 30.—Cossacks have commenced firing on the crowds of

railway poles and furniture.

At the point a volley of Cossacks killed one student, three workmen and a girl and wounded eighteen persons.

The governor in a proclamation says the first stone thrown at the military will be the signal for the troops to fire.

All streets and square are full of Cossacks and police.

The citizens have formed a committee for public defense.

The Czar Ships Valuables.

Manchester, Oct. 30.—The dispatch says the czar has shipped all the royal plate and jewelry to Copenhagen. It is insured for nearly four millions.

Firing Was Unnecessary.

Odessa, Oct. 30.—The firing on strikers yesterday by troops is causing a great outcry. It is claimed that it was unnecessary, as the strikers were fleeing and those shot were mostly innocent sightseers. The order was given to use ball cartridges again today.

Socialists Get 100,000 Francs.

Brussels, Oct. 30.—The International Socialist bureau here has received a hundred thousand francs from Patterson, N. J., for the use of the socialist party in Russia.

Wanted Bread, Not Biscuits.

Brest, Oct. 30.—A number of sailors of the Russian cruiser Duke of Edinburgh, mutined Saturday because they were furnished biscuits instead of bread.

Bankruptcy Trials.

This afternoon Referee Bagby is conducting a continued trial of the Henry B. Grace bankruptcy case.

The creditors made a motion to have T. O. Fisher turn over the mortgaged stock or assets to the trustee for the benefit of the creditors. This amounts to about \$850. The argument is being made this afternoon.

This morning a first meeting of creditors in the case of Knight & Givens was held and A. Y. Martin was appointed trustee. This was all that was done in the case.

Saturday at Murray Referee Bagby heard a great many exceptions in the case of Will Harris & Co., and also declared a dividend of 9-21-100 in the case of C. H. Redden.

Births.

Born to Mr. and Mrs. W. J. Gilsdorf, a girl baby.

Born to Mr. and Mrs. Henry Wallace, Ashbrook avenue, Mechanicsburg, a girl baby.

Born to Mr. and Mrs. Wm. Clark, of the Clark's river section, a girl.

Mr. and Mrs. James Ellenwood, of Rowlandtown, are parents of a fine boy baby.

Born to Mr. and Mrs. Monie Kennedy, of Kincaid street, a boy.

Born to the wife of Mr. A. A. Shreeves, of Willet street, a boy last night.

To Meet Saturday.

Mr. Simon Hecht, treasurer of the Paducah Traveling Men's Carnival Association, stated today that he would call a meeting of the Paducah Traveling Men's club for Saturday evening to wind up the affairs of the association. He has been unable to get a meeting of the association that gave the carnival so will let the club itself settle the affairs. He will then know the exact amount that was made out of the carnival recently given.

GOOD SERVICES
IN THE CHURCHESAll Saints and All Souls Days
Come This Week.

Evangelical Church Celebrates Reformation Day—Big Crowds Yesterday.

NEW MECHANICSBURG MINISTER

All Saints' Day and All Souls' Day, two of the most important and beautiful days of religious observance are on Wednesday and Thursday of this week and will be observed here with the usual appropriate services.

At the St. Francis de Sales Catholic church there will be masses at 7 and 9 o'clock on Wednesday morning. The mass on Thursday will be at 7:30 a. m.

At Grace Episcopal church there will be service at 10:30 a. m. on Wednesday.

In Louisville, beside the regular masses, All Souls' Day will be observed by the following solemn service at the Roman Catholic cemetery: "At Calvary Cemetery this year a new regime will be introduced in the services. Instead of the afternoon service at the Priests' Mound, on Chapel Hill, mass will be said at 11 o'clock on Thursday morning. An altar has been erected in front of the Carara marble tribute to the hero priests of 1878 and 1879, and there mass will be celebrated. A canopy has been erected to guard against inclement weather. Rev. Father Sullivan of St. Patrick's, assisted by other priests in the city, will be celebrant. Rev. Father Francis Gaffney, the scholarly and gifted pastor of St. Peters, will deliver the sermon, his subject being the day and its religious significance. Those who wish to place the lighted candles on the graves of departed friends and kindred may do so before or after the celebration of the mass."

The service at the German Evangelical church on South Fifth street Sunday morning was in commemoration of the Reformation. Communion service was held and the pastor, Rev. Wm. Bourquin, preached an especial sermon on the Reformation.

At the evening hour, Rev. T. C. Gebauer, state field worker of the Kentucky Sunday School Association, spoke on "What Does the Twentieth Century Expect From Its Christian Teachers." It was an able and thoughtful address and was heard by a large congregation.

Rev. J. W. Cantrell, the newly-appointed minister to the M. E. church in Mechanicsburg, filled his pulpit yesterday both morning and night and delivered two eloquent and forceful sermons. This is Mr. Cantrell's first service here since he was sent by the recent conference at Lexington and he greatly pleased his church. He was greeted by large congregations. He has the M. E. church at Hickory Grove as well as the one in Mechanicsburg, and preaches at each on alternate Sundays. He will make Hickory Grove his home.

Rev. A. C. Holder, of Lake Providence, La., preached at the Trimble Street Methodist church yesterday morning and night. Dr. Holder was formerly a member of the Memphis conference being transferred last year to Louisiana. He is at present visiting relatives in the city.

Rev. E. H. Cunningham, pastor of the Second Baptist church, began a protracted meeting last night. He is being assisted by Rev. C. T. Rooney, of Wickliffe, who will remain until the revival is over. Everybody is given a cordial invitation to attend.

Rev. W. W. Armstrong, of the Trimble street Methodist church, preached at the Lebanon Methodist church in the county yesterday afternoon at 3 o'clock, and had a large and interested congregation to hear him.

The Bible class under the leadership of the Rev. D. C. Wright, meets this afternoon at 4:30 o'clock in the hall of the Grace Episcopal parish house. The prophet "Jonah" is the subject for today's study.

Owing to the absence of the Rev. A. C. Ilten in the county yesterday the service in celebration of the Reformation Day will be held next Sunday at the German Lutheran church on South Fourth street.

There was one addition to the Broadway Methodist church yesterday morning.

—Mrs. M. E. Morse visited at Mrs. Mary Sanders on Wednesday. Mrs. Sanders is in a critical condition with a cancer on her right side. She goes to Paducah on next Tuesday.

People and
Pleasant Events

Popular Young People to Marry.

Mr. Joseph V. Green, the popular driver of the No. 4 fire station, and Miss Nonina Braswell, a popular young lady of the South Side, will be married tomorrow evening at 8 o'clock at the residence of the bride. The marriage will come as a pleasant surprise to their many friends here.

Mr. Green is one of the most popular and efficient firemen in the employ of the city. He has made some excellent records in his driving in test runs and is one of the city's most valued men. He resides at 303 Ashbrook avenue and has many friends here to wish him success in his married life.

Miss Braswell resides at 408 South Fifth street and came here a few years ago from Ledbetter, Ky. She is a popular and attractive young lady, and has been employed in the toll rooms of the local East Tennessee Telephone company long distance department.

Mr. Julian Chaudet and wife, who have been visiting in Lyon and McCracken counties for several weeks, will return to their home in California tomorrow.

Mr. M. A. Mitchell, Sr. of North Fourteenth street is quite ill.

SLIM CROWD

ATTEND DEMOCRATIC SPEAKINGS SATURDAY.

The Outline Speeches in The Sun Seemed to Fit Very Well.

The speakings at Ragland and Grahamville, this county, Saturday, were very slim affairs. Less than 30 people turned out to hear the Hon. R. T. Lightfoot and Alben Barkley.

Their speeches were outlined in last Friday's issue of The Sun and most of the people remained at home and read it.

They flung mud to their hearts' content and "talked nigger" until red in the face. This and nothing more.

WHEN TO REGISTER HERE.

While in other cities of the state the final registration in the county clerk's office of those ill or absent from the city, or who were kept at home by illness in the family, will be today, tomorrow and Wednesday.

In McCracken county, however, it develops that the last days will be tomorrow, Wednesday and the first Monday before the election, which will be November 6. It was stated today in County Clerk Graham's office that the difference is due to a decision of Circuit Judge Husbands here a few years ago, when he held that the proper days were as specified above. Republicans of Paducah who have not registered for the above reasons, should accordingly register tomorrow, Wednesday, or next Monday.

CENSUS COMMITTEE

Will Require Some Time to Tabulate Its Work.

The committee having the religious census in charge expect to begin their work this afternoon arranging and tabulating the cards received. It will take some time to get the result in full as there is much ground to be covered. Rev. John S. Cheek is at the head of this committee.

The cards will then be given out to the various ministers, each receiving all inclined to his denomination and these with no church preferences will be proportioned among the churches, that they may be called upon. It is the ministers' intention to follow up this work beginning at once. Many of the ministers worked hard all day Saturday and expressed themselves yesterday from their pulpits as well pleased with the reports made by their workers. With few exceptions

Shine 'Em Up

LIQUID VENEER
MAKES OLD THINGS NEW

Liquid Veneer is a wonder! It will make the whole interior of your house shine like new, making re-finishing or re-varnishing entirely unnecessary. It is not a varnish, but a surface food and cleaner, building up the original finish and making it brighter than ever. It is applied with a piece of cheese cloth and no experience is necessary. No drying to wait for. Removes all scratches, stains, dirt, dullness. It can be applied to any finish with beneficial results. Natural wood, as well as any color of paint, will be better for an application of Liquid Veneer.

Liquid Veneer will improve even the most beautiful furniture. It will take that smoky look from the Piano and other Mahogany, and is highly beneficial to Golden Oak, White Mahogany, Silver and other finishes.

Liquid Veneer sells at 50 cents a bottle, and a bottle is enough to renovate the ordinary home. Try it and you will always buy it.

W. B. SMITH HAS NOT BEEN HEARD FROM

Missing Banker Failed to Show Up So Far.

His Attorney Has Not Heard From Him, But "Expects" Him to Return Very Shortly.

OTHERS DO NOT THINK SO.

Louisville, Ky., Oct. 30.—Nothing has been heard from W. B. Smith, former president of the Western National bank, since the federal grand jury returned an indictment against him two weeks ago. The indictment in ten counts charged Smith with falsifying entries, misapplying funds, aggregating a sum over \$168,000. The last time Smith was seen in Louisville was about October 6. His brother, C. R. Smith, of Boston, Ky., claimed that he left at that time with his father for Porto Rico, where they were going on a prospecting tour.

It developed the next day after the indictment was returned against W. B. Smith that he had retained William M. Smith as his attorney, which demonstrated to the public that W. B. Smith anticipated that an indictment would be brought against him. Attorney W. M. Smith stated at that time that he last heard from his client at the Fifth Avenue Hotel, in New York, and that he said that he would return to Louisville on October 29. Attorney Smith said last night that he felt confident that W. B. Smith would return to Louisville and stand trial. He said that he believed his client would return either today, as he stated, or within a short time. He said though he had not heard from him since he received the message from him on his arrival at New York from Louisville.

The officials of the Western National bank have not heard from W. B. Smith since he left. Last week suits were filed against Smith on notes aggregating a large sum which he owed the Western National bank. The money for which Smith is sued is alleged to have been borrowed from the bank while he was president of the institution. The charges of falsifying entries, misapplying funds and embezzling funds, made in the indictment are alleged to have been committed also while he was president of the bank.

While the federal authorities here are not saying anything about the case it is known that they do not put much credence in the report that Smith will voluntarily return and face the charges. No effort will be spared to apprehend Smith and bring him to trial. If Smith has communicated with anyone in Louisville since his departure in the early part of October it cannot be ascertained.

WAGON LOAD OF 'COONS.

One Hunting Party Bagged a Dozen in One Night.

Mr. John Weitlauf, of the Mayfield road, and several companions went coon hunting Saturday night and claim they captured so many coons that they had to procure a wagon to cart the trophies back.

They had luck from the start, they say, and in a few hours had over a dozen big fat coons. They proceeded five miles into the woods and the coons finally got so heavy that they procured a wagon to carry them home.

The Best Doctor.

Rev. B. C. Horton, Sulphur Springs, Tex., writes, July 19, 1902: "I have used in my family Ballard's Snow Liniment and Horehound Syrup, and they have proved certainly satisfactory. The liniment is the best we have ever used for headache and pains. The cough syrup has been our doctor for the last eight years."

Capt. Robert E. Lee, of Memphis, general manager of the Lee Line of packets in the Cincinnati trade, has been in consultation with Capt. J. F. Ellison, superintendent, with a view to starting the boats of the line for the coming season. As usual, the company will use the Peters Lee and Rees' Lee, and then about May 1 of next year, when travel on the river increases, the Georgia Lee will be added to the line, making two boats a week in the Memphis and Cincinnati trade.—Courier-Journal.

A contract will be signed this week for the building of a large steel hull excursion steamer of the latest type for the Brookings interests to replace the Corwin H. Spencer, recently burned near St. Louis. The new boat will be built by a Chicago company and shipped to St. Louis in sections to be put together there in time for the opening of the excursion season next spring.

Capt. Harry Brookings says that the contract for the boat will be signed this week. The craft will be 270 feet long and have a beam of fifty feet, with a fourteen-foot guard, making the width over all seventy-eight feet. The boat will be steel throughout as far as can be applied, and every new feature of modern excursion boats will be used. It is said that the cost will be \$150,000. All the machinery and the separate boilers will be within the hold, and there will be two decks, a main and a boiler deck. One of the new features will be a roller skating rink on the boiler deck, 260 feet by 70 feet, without a pillar in it. The boiler and engines for the wheels will be separate.—Courier-Journal.

DARK DESPAIR

Is Turned Into Praise—Man, Once Tired of Life, Relates a Remarkable Story of Relief.

FEARED MANIAC'S FATE.

Almost willing to give up in despair because of pain and misery brought about by sickness, a well known man of this city says that he was saved from probable madness by heeding the advice of his friends.

Such was the story told by John Werner, who called yesterday at Smith & Nagel's drug store to give an account of his condition and his case was one of the kind that Payne said he is most pleased to hear.

Mr. Werner's story was as follows: "I have been troubled with stomach disorders for more than seven years and I also had terrible pains in my back and head. At times I suffered so that I feared I was going crazy. I was treated by physicians and I tried all the medicines I ever heard of, but nothing helped me, and instead I was growing worse.

"I lost all desire to live and could not work, eat or sleep with any degree of satisfaction. A friend urged me to call on Payne, but I felt as if it would avail me nothing. My family insisted that I should try Payne's remedies as a last resort and finally I called on him.

"He gave me encouragement and I tried the New Discovery medicine and the Quick Relief. I am thankful now that I did, for the results were astonishing. I never thought that medicine could act so quickly. I now feel like myself again, the pains have left me entirely. I eat and sleep well and I can do my work as well as any man. I heartily recommend Payne's Remedies to any one afflicted as I was."

Payne's Remedies can be obtained at all hours at Smith & Nagel's, Fourth and Broadway.

ANNUAL INSPECTION

Of the Louisville Division Will Be On Nov. 10 and 20.

Word has been received by local I. C. officials relative to the general main line inspection which is now being made on western lines by the roadmasters and division superintendents.

The inspection train will come to Paducah from the south and will inspect the Louisville division on the 19th and 20th. The section men have worked hard to place the tracks in perfect order and every effort to capture the prize for the best mile of track or section of track, will be made by the Louisville division this season.

Cures Winter Cough.

J. E. Gover, 101 N. Main street, Ottawa, Kans., writes: "Every fall I have been my wife's trouble to catch a severe cold, and therefore to cough all winter long. Last fall I got her a bottle of Horehound Syrup. She used it and has been able to sleep soundly all night long. Whenever the cough troubles her, two or three doses stops the cough, and she is able to be up and well." 25c, 50c and \$1.

Beaver Organization in Paducah is Reported Rapidly Progressing

The Dam of Beavers will probably be organized here within the next twenty days, and it is hoped to have at least 100 charter members. Already twenty or thirty names have been secured, although Messrs. E. W. Tripp and H. W. English, the organizers, have had time to do little work. Many of the leading men of

L. Taylor of Tennessee. The name of Beaver was adopted because it indicates industry. It is distinctly a southern organization. Its principal aim is to give members a social claim on one another and thus promote good fellowship and sociability. Messrs. Tripp and English feel con-

the south are members of the organization, which has about 18,000 members. Among the prominent southern men who are members are: Hon. Hoke Smith, of Atlanta, Ga.; Hon. Clark Howell, Hon. H. H. Cabaniss, Gov. J. M. Terrell, Hon. F. Livingston, Chief. W. R. Joiner, Hon. Bridges Smith, mayor of Macon, Ga.; the supreme president is Gov. Robert

McFadden, of Georgia. It is estimated that they will be able to run up the membership list here to 150. One feature of the Beavers is that each member is identified by his photograph, which is attached to his credentials making imposition impossible. Mr. G. W. McFadden has been chosen official photographer for Paducah, and the photographs cost members nothing.

SNOW PREDICTED

FOR THIS SECTION AND ATMOSPHERE FEELS LIKE IT.

There Have Been Snow and Sleet in Many Places During the Past Two Days.

The first snow prediction of the season came this morning in the weather report and the atmosphere feels mighty like a light snow might fall tonight or tomorrow.

Weather Observer Bornemann stated this morning that the mercury was not low enough yet for snow and that a fall of "the beautiful" depended on the humidity of the atmosphere. He said snow generally fell at 32, 33 or 34 but it had come down at much higher degrees. The thermometer last night registered 40 at its lowest. It has been but a few degrees higher today.

THE MASS MEETING LARGELY ATTENDED

Laboring Men Filled the Kentucky Theater Yesterday.

Several Addresses Made—Resolutions Were Unanimously Adopted.

LIGHT QUESTION DISCUSSED

A large crowd attended the mass meeting held by the trades unions at the Kentucky theater yesterday afternoon, the lower floor and balcony being crowded and a number forced to go to the gallery.

Mr. Charles Hart presided over the meeting, and Mr. Harry George made the opening address. Mr. C. O. Pratt also delivered an address, and was followed by Mr. L. K. Taylor, who discussed the questions from a citizen's standpoint.

Mr. Claude Johnson, of the Journal of Labor, read the following resolutions, which were adopted unanimously:

Whereas, The Paducah City Railway company has so arbitrarily refused to allow their employees the right to belong to an organization of their craft, having forced a lockout of thirty of their motormen and conductors by discharging fourteen of them and demanding of the rest that they give up their union, and

Whereas, We believe in upholding the just rights of our citizens in their honorable efforts to improve their conditions, therefore, be it

Resolved, That we, the citizens of Paducah in mass meeting assembled, bitterly condemn the action of the Paducah City Railway company as un-American and antagonistic to the best interests of our citizens' welfare, and be it further

Resolved, That we pledge ourselves to use our best efforts to have this municipality immediately prepare to enlarge our electric light plant, so that they can supply light, power and heat, sufficient to accommodate all our needs and be it also

Resolved, That we further pledge our sympathy and support to the locked out street railway employees by assuring them that we will do all in our power to aid them in resisting the encroachments upon their rights by this foreign corporation, and be it

Resolved, That a copy of these resolutions be furnished the mayor and also the press of this city.

Mr. Charles Hart discussed the local situation and after his address the meeting closed.

WARREN & WARREN.

HEADACHE

It is now conceded by medical authorities that nearly all cases of chronic headache that do not yield to treatment are caused by eye-strain and properly fitted glasses is the remedy. Thousands of people suffer from headache when glasses would correct the trouble. It is preferring a real evil to an imaginary one to delay the use of glasses when they are needed.

THE FOGGING SYSTEM

Is a rational system of testing the eyes, their nerves and muscles in a natural way *without using drops*. In fitting glasses to relieve eye-strain, headache, and to strengthen the eyesight it is, beyond doubt, the best method. It is to this fact I attribute my success in Paducah.

"TORIC" LENSES

Represent the greatest improvement ever made in lense grinding. They are ground on a deep curve, which allows them to set closer to the eyes and the lenses retain their clearness to the extreme edge. The result is a feeling of ease and comfort not found in lenses ground by the old method. Let me show you a sample and explain their advantages.

Money in Timber Lands.

Fortunes have been made, (and can easily be made today,) by buying Arkansas rich river bottom land, heavily covered with timber, at a nominal price, holding the land for a few years and then selling the timber at twice the price the land and timber both cost, and then have the land cleared and sell it for five times the original purchase price and sometimes ten times the cost. We have a proposition of this kind in 1600 acres of land in Arkansas at only \$3.50 per acre. One-third cash, balance 1 and 2 years, at 6 per cent. This land when cleared will rent for \$5.00 per acre per year. Full particulars on request. Edgar W. Whittemore Real Estate Agency, Fraternity Building Both phones \$35.

NO DEAL ON.

Mr. G. A. Pedley Said to Have Abandoned Theater Deal.

Mr. James Utterback, treasurer of the Kentucky Theater company, stated this morning that there was no deal on for the popular play house

and that the Palmer Hotel company would continue to operate it just as it is. This company which owns the theater, has been in charge of the play house this season and has a number of good attractions already.

For awhile Mr. G. A. Pedley, of Owensboro, Ky., who has the management of several theaters, had been negotiating for the Kentucky, but the deal was not consummated. He was here last week and his presence caused a revival of talk that the deal had not been called off.

After a few days' visit in Hopkinsville Mr. Utterback returned yesterday.

Dr. Bass Resumes as City Physician.

Dr. Johnston Bass, who just returned from the north where he has been on a wedding tour, this morning resumed charge of the office of city physician. The office has been very creditably filled in his absence by Dr. R. E. Hearne, a well-known young physician of the city. Dr. Bass will retain the same office hours as heretofore.

Operator Takes Vacation.

Mr. W. P. Cobb, day operator at the Western Union office, is off on his vacation and has gone to his old home in Jackson, Tenn., for a two weeks' visit. His place is being filled by Operator F. O. Allen, of Nashville, Tenn.

FLYING TIMBER

Struck Mr. C. Morgan, Foreman at Ferguson-Palmer Mills.

Foreman C. Morgan, of the Ferguson Palmer mills at Third and Elizabeth streets, was injured Saturday afternoon late while at work in the plant.

He was standing near a large circular saw when a piece of timber flew off and struck him in the head. He was rendered partially unconscious but the blow inflicted no serious injury. The scalp was cut for several inches making a very painful wound. The injury was dressed by Dr. J. S. Troutman.

I. C. Men Off Duty.

Mr. W. A. Carter, local coach inspector for the I. C., is ill and unable to be on duty. His position is being filled by Mr. Frank Budde.

Mr. R. B. Misenheimer, night baggageman for the local I. C., has gone to St. Louis to attend court. His position is being filled by Baggage Agent Wm. Flowers who will "double up" work both day and night during the night man's absence.
